

# TRAFALGAR HOLDEN MUSEUM Inc.

## Come and learn the complete *Holden* story... in Trafalgar, Victoria.

Long before Australians drove the famous Holden cars this iconic Australian brand had its name on saddles & buggies, golf clubs and pedal cars... trams and aero engines.

From humble beginnings as a saddlery in Adelaide the Holden name quickly became synonymous with engineering innovation, industrial pride and Australian ingenuity.

The newly created **Trafalgar Holden Museum** in Gippsland Victoria tells that remarkable Australian story!

See display items from Holden's distant past, motor vehicles bodied by craftsman and later designed right here in Australia!

Housed in a quaintly preserved dairy factory in Trafalgar, the museum is run by a team of enthusiast's eager to preserve our national heritage.

# OPENS SAT 18 OCT - 2014

Visit the café, browse the gift shop and watch Holden history in our cinema room.

The **Trafalgar Holden Museum** will open to the public for the first time on Saturday 18 October 2014.

Be amongst the first to see it!

**Trafalgar Holden Museum, 74 Waterloo Road, Trafalgar, Victoria.**
